Subject: Public Safety Initial Resources

Hi [REDACTED],

Thank you for a moment of your time. Below are a few links to content for public safety use case. We currently work with over 500 law enforcement and public safety agencies. We provide location based social intelligence for post investigation analysis, real time monitoring, and mapping social profiles.

Items that set geofeedia apart are image recognition, 12 social platforms we monitor, Over 2 billion historical social posts with location, and additional capabilities on the

roadmap.
